TWIN DOLPHIN

JANUARY 2019

Welcome Home

Dear Maravilla Members,

Welcome to a new season of vibrant gatherings, days and nights to remember and exciting occasions. As we begin the new Club season, one of our most important initiatives is to provide exceptional social energy at the Club along with a creative mix of activities for our members to enjoy with friends and family.

During the summer months, we were able to complete several enhancement projects in the Club, augment our facilities, expand services, train our staff, create new culinary experiences and establish a calendar of events to bring members and friends extraordinary new experiences.

The recent end of the year holiday season was our busiest to date. Thanks to your support, Maravilla continues to grow with a foundation based on strong family values, a healthy and active lifestyle and a highly engaged community. We could not ask for better ambassadors of our brand.

The Special Maravilla Membership at the Montage Hotel has expanded the overall amenity experience for Maravilla members including the SPA Montage, extraordinary culinary options and access to unique social events. We are also excited to report that the recently open Twin Dolphin Golf Club has essentially established memberships for all Maravilla members and has received excellent reviews as we continue to redefine the golf experience. Over the past week, hall of fame and course designer, Fred Couples, joined us for the holidays, playing and sharing his design vision with members and guests.

The end of the year marked an extraordinary milestone for Twin Dolphin, we look forward to the new year and to continue creating memorable experiences for you and your families.

Thank you! For our members are the heart of our Club, and there is nothing more important to us than your absolute satisfaction. I could not be prouder about our history and even more excited about the future, and I hope you are too.

Sincerely,

A handwritten signature in black ink, appearing to read 'Armando Guardiola'.

Twin Dolphin Golf Club

We're just two months in since the opening of Twin Dolphin Golf Club and are already gaining international attention from the excellent job Golf Course Superintendent, Russell Hewitt, and his team has done in preparing the golf course to its pristine condition.

If you are traveling light or would like to enhance your golf experience with a quality set of clubs, the Golf Club offers premium rental clubs from PXG, Titleist, TaylorMade, and Callaway. This fantastic range of options gives members an excellent opportunity to test a variety of brands and designs until finding the perfect set. The full-service golf shop also features a curated selection of apparel and accessories to accommodate your needs. The Twin Dolphin professional staff is ready to assist you in ensuring your maximum comfort and enjoyment.

The Golf Club culinary team, Chef David and Chef Ruth, have created a menu that offers members a variety of traditional Mexican cuisine options with an innovative twist. The menu is enhanced with a selection of fresh juices, smoothies and simply prepared farm and sea-to-table items rooted in the incredible local bounty of Baja. The cocktail menu highlights small-batch mezcals, tequilas, classic warm-weather cocktails, and of course a selection of extra cold Mexican beers. We are open for breakfast and lunch daily.

We have prepared a vast schedule of events and programming for the season and encourage members to participate in the numerous weekly events from Trackman clinics, to friendly competition at the Friday Sweeps. You will also find many opportunities to create lasting memories during our Sunday Family Scrambles. You will always enjoy an experience for all skill levels.

The Twin Dolphin Golf Club team is looking forward to meeting and welcoming members to our unique and exclusive golf haven.

See you on the course!

We are pleased to welcome Alonso Ortiz to the Twin Dolphin team, as our new Social Responsibility Manager. Eloisa Marrugo

FOOD & BEVERAGE ASSISTANT

Many members met Eloisa while she was working as a barista in El Mercado. Elo is originally from Cartagena, Colombia and in December 2016 Elo joined the Maravilla team. While in El Mercado, her hard work, excellent service, smile, and teamwork did not go unnoticed making her the perfect addition for the Food and Beverage team.

Recently, Elo was promoted to Food & Beverage Administrative Assistant supporting the “behind the scenes” culinary teams at Ecco and Santa Maria Beach Club. She is diligent in ensuring that these areas have the administrative and office support they need to run seamlessly.

In her free time, Elo enjoys a good book, her family time and “Arepas”. She is constantly trying to “be a better person than I was the day before.”

Golf practice and player development are going through a period of tremendous change, and technology is a central component in that transformation. The mapping of swing DNA is now possible, as is the quantification and comparison of swing feel vs. real. Technology also empowers us to monitor granular swing changes over time. These are just a few, compelling examples of how to unleash talent more effectively.

The Twin Dolphin Golf Club offers TrackMan technology for you to take your game to the next level. From TrackMan's groundbreaking club and ball tracking golf radar systems to the best performance enhancing software available in the industry today. Come by the club, take a few swings and try it out soon.

Red Doors

Members and guests enjoy exclusive access to the intimate and well-appointed Clubhouse as well as our two on-course Red Doors.

Located on holes 5 and 12, the Red Doors will serve as a true gathering spot for the Twin Dolphin community.

With thoughtfully curated amenities coupled with a full-time butler bar service, Red Door 5 offers a fully stocked kitchen, while Red Door 12 features a Palapa bar and taco stand. To top off these experiences, both Red Doors are surrounded by dramatic golf course and oceans views.
